It is in dying  
that we are born  
into Eternal Life.

# Columbarium and Memorial Garden

*Christian faith affirms the beginning and ending of our life rests with God. One of the church's most ancient and revered traditions has been burial within the church grounds. In keeping with this tradition, a Columbarium and Memorial garden is being established on the grounds of St. Francis of the Tetons Episcopal Church in Alta, Wyoming. Cremated human remains will be interred in niches in the Columbarium wall or in cylinders placed in the ground inside the garden. It is fitting that at life's end our remains may rest within the sacred space of the Church.*

*The Columbarium and Memorial Garden is designed to honor the beautiful mountain setting of St. Francis, and to incorporate the natural world as a peaceful placeholder for our memories. It is intended to be a place of reverence, beauty, and tranquility. Walkways, a labyrinth and benches will provide quiet places for prayer and contemplation.*

*The St. Francis Columbarium and Memorial Garden will serve the entire Teton Valley community, regardless of creed. All are welcome.*

## You are invited

to participate in the Columbarium and Memorial Garden at St. Francis of the Tetons. Opportunities include advance purchase of interment sites, purchase of memorial pavers for those interred elsewhere, or gifting an item to the Garden, which may be in honor of or in memory of a loved one. Note that prepayment for burial not only secures a site for one's cremated remains within the Columbarium and Memorial Garden, but also contributes to the construction, maintenance and perpetual care of the facility.

### Interment Sites
